Start with rounds the 11th row of a lead with the 5 the hunt bell, ringing the \( t \) at Home at the third lead end putting the treble into the hunt.

\( t = 36 \).

Especially suitable for a seventieth birthday or similar anniversary. If preferred the parenthesized calls may be replaced by W,H,2W,H.

Especially suitable for hand bells: either arrangement has, after the first thirty rows, the 3-4 always coursing between Middle and Wrong, and the 5-6 always either coursing or home between Middle and Wrong.

Rung in hand at Poynton (2 Adlington Close) on 18 April 2017, conducted by Peter C Randall.
